

Beddington Infants' School Pupil Premium Report 2019-2020

The Pupil Premium is an element of school funding aimed at narrowing the gap in attainment between certain potentially disadvantaged groups of pupils and other pupils.

At Beddington Infants' School we fully recognise that not all students who are entitled to Pupil Premium are necessarily educationally disadvantaged.

At Beddington Infants' School all class teachers complete an audit of strengths and areas for development for all children eligible for Pupil Premium. A working party is then formed to discuss the common areas of need and possible strategies for that cohort of children.

In 19/20 our school budget included a Pupil Premium allocation of **£11,880**.

We have identified the following as possible barriers for some pupils currently eligible for Pupil Premium funding;

- Access to high quality reading experiences
- Access to extra-curricular activities – educational experiences such as after school clubs or trips
- Access to the outdoor environment
- Attendance
- Parental/engagement with the school
- Having an identified Special Educational Need

The support we provided for children was informed by:

- An analysis of the strengths and areas for development of children entitled to Pupil Premium ensuring that spending and provision meet their needs.
- Working closely with families of children entitled to Pupil Premium.
- Reviewing strategies that have been successful and tailoring support to narrow any gaps that exist in educational attainment both within the school and when set against aspirational targets.

Support Strategy	Total Amount Spent	
A % of the salary of Teaching Assistants enabling holistic education in both Foundation Stage and Key Stage 1	£5,477.73	<p>The additional adults across the school enable us to provide high quality holistic education both indoors and outdoors.</p> <p>The additional adults enable children eligible for Pupil Premium to have weekly targeted support either 1:1 or in small groups. This enables each child's basic skills to be developed whilst supporting and extending learning for each child to ensure they make at least the expected progress.</p>

Support Strategy	Total Amount Spent	
Working with the Beanstalk Trust to provide children with targeted 1:1 reading support	£1,275.00	1:1 reading support twice a week for half an hour. This enabled the children to developing a love of reading whilst also developing reading skills including comprehension skills.
Providing E-Learning Resources	£52.50	Families are asked to pay a subscription for the entire academic year to access e-learning resources at home. This resource is provided free of charge to children eligible. This enables parents and children to share learning at home developing skill, confidence and enthusiasm for learning.
Funding After School Clubs	£840.00	<p>Autumn Term 2019 - 7 places funded. Spring Term 2020 - 10 places funded. Summer Term 2020 - non due to COVID-19 closure.</p> <p>Enabling children to have access to opportunities and experiences that they otherwise would not be able to access. Many children only attend clubs because they are funded. This develops the whole child and increases their self-esteem.</p>
Funding School Trips	£114.00	Families are asked to contribute to school trips. Those families whose child is eligible for Pupil Premium are not asked for a contribution. This use of Pupil Premium Funding ensures all children have access to the trips and new experiences.
A % of Assistant Head's salary (Leading inclusion)	£ 6995.00	<p>Provided high level of skilled support for families. Supporting families whose children have additional needs and monitoring trends in attendance and punctuality.</p> <p>Detailed paperwork and reports are prepared to collate all information around a child to ensure the best level of support.</p>
Free School Meals	£2,446.47.00	Cost of lunches for children that receive Pupil Premium.
Cool Milk Invoices in 19/20	£243.54	Providing free milk for those children eligible for Pupil Premium over the age of 5, ensuring they have a source of calcium every day.
Total	£12,080.00
