

Year 1 Curriculum Letter

Autumn 2023

First Half Term Week 7

Superheroes

Week 7 Express

At the 'Express' stage, children will become performers, experts and informers, share their achievements with parents, classmates and the community, evaluate finished products and processes, link what they have learnt to where they started and celebrate their achievements!

Engage Geography

Oh no! Dr. Zorb, the villain from our 'Engage day' has been spotted in Australia! The children will be using the excitement from our 'Engage day' for Geography.

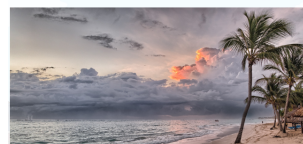

We will be learning the name of the countries in the United Kingdom as well as the continents and oceans. As an extension the children will locate and name the capital cities of the United Kingdom.

We will be using a song to help us learn the names of the continents and oceans.

(<https://www.youtube.com/watch?v=K6DSMZ8b3LE>)

The children will also learn about human and physical features of geography.

Physical

City

English

Next week in English we will be completing our Superheroes topic by celebrating the amazing writing that we have done this year. The children have created characters, and written both fiction and nonfiction stories, including comic strips.

The children have brought their superhero writing to life by adding music and actions to it using a range of instruments.

We will be finishing our writing of the story *Supertato*, checking that we have capital letters, full stops and have used our phonics to sound out words.

Over the half term please continue to read with your child, checking their understanding as they read. Going to the library is also a great way to encourage a love of books.

Maths

In Maths we will be using our adding skills to solve one step word problems. We will be discussing with the children what a word problem is and then introducing and modelling the correct method of solving one. We read it, circle the important information, then write our number sentence. Then throughout the week we will continue to model, practise and remind children of the correct method to solve a word problem. **Read, circle, then write.** We will be continuing to focus on counting in multiples of 2s, 5s and 10s through singing and games, with a particular focus on counting and writing in 5s to 50 over this week.

They will continue to practise using mathematical language such as: How many more? How many altogether? addition, plus, problem, solve, total, equal to, more than, less than, fewer, most and least.

Physical Education

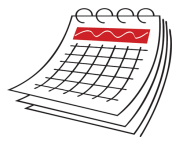

Our focus for P.E. is dynamic balance and agility, building the children's basic core skills of balancing and coordination in movement. For example, jumping over a point on the floor using both legs, landing on both legs at the same time. We will be using a story called *Journey to Blue Planet* from our P.E. programme, Real P.E. Throughout the day children can

also use their gross motor skills when learning outside. The children will also take part in a weekly run where children build up their long distance running stamina.

Religious Education 	<p>Why are we thankful? As a class we are going to reflect on what we have done during this first half term. It has been a long 7 weeks and we have learned a lot about being in school with everything else going on in the world. We will make a list of what we are grateful for and talk about what gratitude means.</p>
Relationship and Health Education (R.H.E) 	<p>This week in R.H.E. we will be reviewing our class rules and discussing what makes a successful learner.</p> <p>As we approach the half term week we will remind the children about the importance of staying safe when going out as well as staying clean and healthy.</p> 
Dates for the term 	<p>Thursday 19th October Open Evening – Lists will be available the week before to sign up for an appointment time.</p> <p>Friday 20th October INSET Day – (no school for children)</p> <p>Tuesday 14th and Wednesday 15th November-Independent Challenge learning together sessions, please join us at school for a morning or an afternoon to complete independent challenges with your child (more details to follow)</p>
<p>We have had a wonderful first half term in Year 1. We have loved getting to know all the children. Have a restful half term break, Autumn 2 is a very busy term with Christmas productions, we look forward to seeing you back at school on Monday the 30th of October ready for our new topic... Paws, Claws and Whiskers!</p> 	

Learning at home

Below are optional activities for you to complete throughout this half term.

- Regular reading at home is vital to sustain progress and liaising with staff through the Home/School contact book is invaluable to your child. Children are encouraged to read each night and change the reading book each morning.

Other ideas you might like to try this half term.....

- Listen and hum along to the tune from your favourite superhero TV programme. Can you remember all the words?
- Use information books and the web to find out about Guinness World Record holders and their superhuman achievements
- Make a flipbook showing adventures of a superhero stick person
- Plan or make a lunchbox fit for a superhero
- Make up a song or rhyme about a superhero. You could sing about their strengths and skills and promote their vision for world peace and harmony

- Make a model of a superhero. You could use modelling dough, cardboard boxes and tubes, scraps of material or papier-mâché.
- Interview someone who works for the emergency services about their job.
- Who is your hero? Bring a picture of them to school and explain to your classmates why you chose them.
- If you could have a super power, what would it be? Would you be able to fly? Become invisible? See through buildings? Write about some of the adventures you might have.
- Design (on paper or using a computer) a poster featuring a new superhero such as Anti-Litter Person and convey their important message.
- Make a table of traits comparing characteristics of a hero and a villain.

Thank you,
The Year 1 Team
